Dear Parent/Carer

**Disability Discrimination Act Survey**

As part of the Disability Discrimination Act of 1995 schools are required to keep records as to the nature of any disabilities regarding prospective students and their families. This is so we can ensure that Outwood Academy Bydales site is accessible to all.

Therefore, we are asking all parents if they could provide us with information regarding the nature of any disabilities in their immediate family which would help us to ensure that our site is accessible to all.

Any information given will be treated with the strictest of confidence.

Thank you in advance for taking the time to read this letter and completing the attached form.

Yours faithfully

Miss Katie Gates  
Inclusion Co-ordinator
