Principal: Mr Andrew Wappat

Dear Parent/Carer

Y9 Engineering Visits – Morning Session

Engineering students will be taking part in two visits to the work places listed below, to gain further knowledge on career areas available within this sector and to add a practical element to theory work they have completed in lessons. Transport has been organised and students will travel via minibus on the dates listed below, accompanied by Mrs Brown and Miss Collin. The visits will take place during their usual Engineering lesson time and will return to the academy during VMG/breaktime to minimise disruption in their other lessons. Students will leave site once they have been registered with Mrs Brown at 8.25am and return before 11am.

Tuesday 25 June Middlesbrough College – STEM Centre
Tuesday 2 July Tees Components, Skelton

At Tees Components, students will take part in a tour of the organisation, speak to a range of employees and complete a booklet which they will evaluate in lesson following the visits.

At Middlesbrough College's STEM Centre students will take part in activities including electrical, mechanical, motor vehicle and welding which will give them an insight into different areas and aspects of engineering in practice.

If you agree to your child attending the above visits, please complete and return the reply slip below by Friday 7 June 2019. If you have any further questions, please contact me via the school office on 01642 474000 or s.wing@bydales.outwood.com

Yours faithfully

Sarah Wing
LRC Manager

Reply Slip

I agree/do not agree to my child attending the Engineering visits to:

Middlesbrough College – STEM Centre on Tuesday 25 June 2019

Tees Components, Skelton on Tuesday 2 July 2019

Student name: _____ VMG: _____

Signed (Parent/Carer): _____ Date: _____

Name (Parent/Carer): _____

Emergency Contact Name and Number _____

Are there any current medical issues/medication being used that we are not currently aware of but we need to be aware of when taking students out of school? -
